MEMORANDUM FOR THE RECORD

SUBJECT: Telecon with Everett Medling, 22 September 1982

1. The undersigned received a call from Mr. Medling of Smith, Hinchman & Grylls at 0945 hours this date. The call was placed at the request of James Livingston, Corporate Vice President, to ascertain the status of Government actions with respect to the Firm's A-E Fee Proposal for the proposed new building.

2. Mr. Medling was informed that the Government representatives had been analyzing the proposal for the past week. Based on that analysis, it had been concluded that some large misunderstandings existed and that a meeting between the Government and SHG was necessary before proceeding. Mr. Medling acknowledged that the Company had found it necessary to cost a number of items under the assumption of "worst-case-conditions" and would be looking forward to gaining clarification in these areas.

3. The writer advised Mr. Medling that, pending management approval, a call would be placed to Mr. Livingston within the next few days to arrange a Government visit to their Detroit office early in the week of 27 September 1982.
